NEW WAVES OF CREATIONS

NEW PARTNERSHIPS

NEW DESTINATIONS

...AND A TRULY GLOBAL VISION.

THE VISION

A.I.-POWERED CINEMA IS CROSSING BORDERS,
CONNECTING CULTURES, AND RESHAPING HOW
STORIES ARE TOLD.

THE JOURNEY HAS ONLY JUST BEGUN.

WAiFF 2026 envisions a new era of cinema where artificial intelligence becomes a creative partner, not a shortcut.

A **global festival** connecting cultures, platforms, and generations, celebrating bold storytelling, hybrid filmmaking, and emerging voices.

From short-form to feature films, **we explore how A.I. transforms imagination into cinematic art.**

WORLDWIDE ROAD TO CANNES

The Road to Cannes is WAiFF's global journey. International editions select the five best A.I.-driven films from each country. These finalists travel to Cannes for the Grand Finale at the Palais des Festivals, competing with creators from around the world. Each nation brings its unique culture, vision, and creative identity to the global stage.
